

Student to R.T. Membership Upgrade Program

Our student membership is of great importance to ALSRT because *YOU* are the future of our profession. To reward you for your faithful student membership, and to say “congratulations” to you as you embark on your career, ALSRT offers students the opportunity to upgrade their student membership to R.T. status for a reduced rate! This offer is only available to current student members following graduation from a primary radiologic science program. We call it our *Student to R.T. Membership Upgrade*.

This is how it works:

1. Successfully complete your primary radiologic science program.
2. Upgrade your membership to RT status by selecting *Student to RT Membership Upgrade* on the membership form located at www.alsrt.org. You must submit this membership renewal form prior to the expiration date of your student membership. Expiration date is shown on your membership card.
3. Provide your ARRT certification number on the membership renewal form.
4. Pay only \$20 to renew and upgrade your membership! This is a \$10 savings over the regular annual fee for R.Ts.
5. Enjoy the benefits of R.T. membership, which include voting at the annual business meeting and selecting and running for office!
